# History

## SPRINGFIELD

**“a leader in  
business  
& industry”**

Springfield was originally settled in 1636, and incorporated as a town in 1641. William Pynchon was the leader of this group of early settlers who came from Roxbury, Massachusetts. Springfield was named after Pynchon's birthplace in England and in 1852 it became a city. The land was used primarily for agriculture but early in the 18th century the power of the Connecticut River brought about the erection of many mills. Saw and grist mills were the first to appear and large clay deposits in the area were used to manufacture bricks. Financial depression followed the Revolutionary War, placing farmers and mill owners in a difficult financial plight.

Daniel Shays became the hero of these stricken people in attempting to prevent judgments against them for debt. It was at Springfield that Shays met his Waterloo when he tried to capture the United States Arsenal. In 1794, the government established an armory in Springfield, thus creating a rise in the metalgoods industry. In 1835 the advent of the railroad stimulated business and the town had 73 machine shops, six cotton mills, four printing offices, 13 warehouses, one rifle factory, two card factories, two forges, one powder mill, six saw mills, four grist mills, three tanneries,

two jewelers' tool factories, one sword factory and one spool factory.

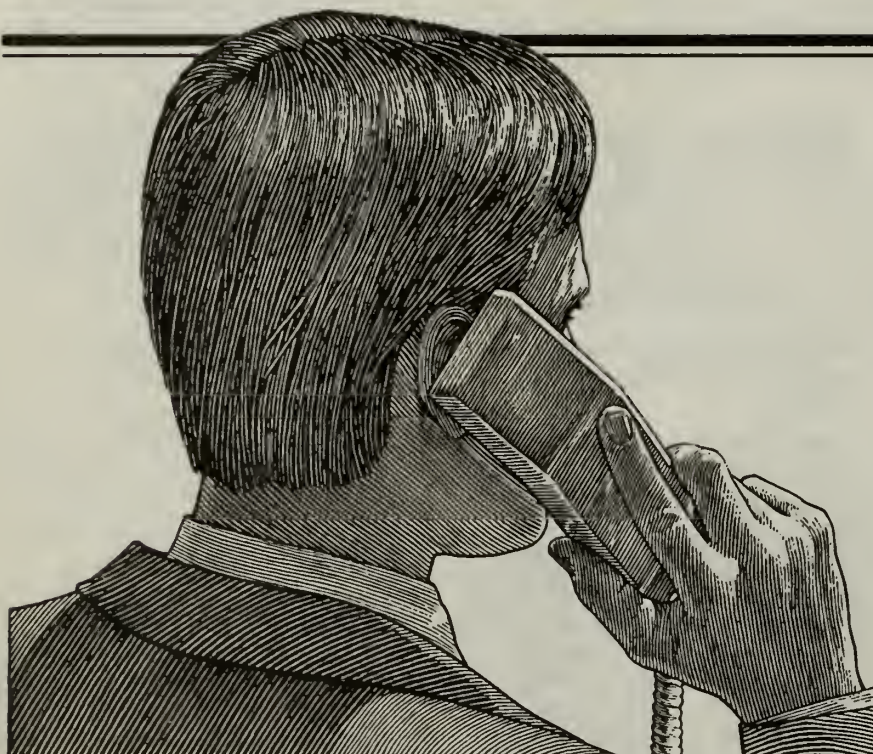

John Brown, a leader of the Abolitionist movement, lived in Springfield for two years. During this time he harbored hundreds of runaway slaves and passed them along to the next station of the Underground Railway. After the Civil War, labor began to organize and strong unions were created. Since 1890, large industries such as the Van Norman Co., Monsanto, and the Milton Bradley Co. have operated in the city.

### SPRINGFIELD FIRSTS

- The FIRST successful commercially-sold automobile was constructed in the United States in 1892-93 by the Duryea brothers.
- The FIRST railroad sleeping car made in the U.S. was built for George Pullman by T. W. Wason & Co. in Springfield in 1850.
- The FIRST U.S. Musket (Model 1795) was made in the Springfield (1903) and Garand (1937) rifles originated here. The Organ of Rifles made famous by Henry Wadsworth Longfellow's poem, "The Arsenal at Springfield" is displayed at the Springfield Armory Museum.
- A number of FIRSTS were achieved in the field of education—adult education (1851), general science-music appreciation course (1896-1905), YMCA college training (1880) and agricultural extension course (1913).
- The Seymour Planetarium, FIRST projection planetarium constructed in the United States, was devised and constructed by former Director of the Museum, Frank Korkosz.
- Basketball was invented here in 1891 by Dr. James Naismith.
- Friction matches were patented in Springfield by Alonzo D. Phillips in 1836.
- The FIRST U.S. Government postal cards were manufactured here in 1873.
- The meat-packing industry was started in Springfield in the 17th century by John, son of the City's founder, William Pynchon.
- The FIRST retail sales of frozen foods were made in Springfield in 1930.
- The FIRST Junior Achievement program (started here in 1919 by Horace A. Moses) teaches high school youth the American free enterprise system.
- The FIRST dog show in the U.S. was held in Springfield on April 28 and 29, 1875.

**CULTURAL** activities abound in Springfield. The Springfield Library and Museums Association, located at the Quadrangle on the corner of State and Chestnut Streets, is a unique assemblage of three museums and a large central library. All **MUSEUMS** are open Tuesday through Sunday, 12-5 p.m. Period rooms and changing exhibits at the **CONNECTICUT VALLEY HISTORICAL MUSEUM** depict the social and economic life which shaped the Connecticut River Valley from 1680 to the present. Furniture,

paintings, pewter, glass and ceramics as well as an archive of diaries, accounts and business records are among the collections of the historical museum. Programs feature area connoisseurs, historians and artisans who share their expertise through lectures, demonstrations, workshops, courses, and forums.

The ornate brick Italian Renaissance building housing the **GEORGE WALTER VINCENT SMITH ART MUSEUM**, contains one of the finest collections of Oriental armor, arms, jade, bronzes, rugs and porcelain found in the United States, as well as 19th Century American paintings and sculpture.

Paintings, sculpture and prints by many American, Oriental, Renaissance, Baroque and Impressionist artists are on display in more than 20 galleries at the **MUSEUM OF FINE ARTS**. The collection spans more than 15 centuries. The **SCIENCE MUSEUM** takes visitors from the Age of the Dinosaur up to recent discoveries. In the **R. E. Phelon African Hall**, visitors are able to experience the geography, culture and life of that fascinating continent. The **Transparent Anatomical Manikin** explains how the human body works. Guests are transported to the scientific marvels beyond earth in the **Seymour Planetarium**. Admission is \$1 for adults, 50¢ for children.

The Central **LIBRARY** is open Monday through Thursday, 9 a.m. to 9 p.m. Friday and Saturday, 9 a.m. to 5 p.m. Contact the main library for the

schedules of specific departments and branches. The **SPRINGFIELD CITY LIBRARY** is a major 725,000-volume library offering periodical, reference, adults', children's and art and music collections to please every taste. Information on the earliest settlers in the area as well as an archival collection of documents and photographs pertaining to the city and major businesses in the area are located in the **Local History and Genealogy Department**.
